# FIRST CLASS FIRE INSURANCE.

MARKET

Fire Insurance Co.,

37 WALL STREET, N. Y.

FIGURES FOR JAN'Y, 1870.

GROSS ASSETS,	- - -	\$682,811 40
CAPITAL,	- - -	200,000 00
Clear Surplus,	- - -	430,594 19

(Over 215 per cent. on the Capital!!)

Comparing favorably with other Companies.

Extract from the Annual Report to the Sup't of the Ins. Department.

"The scrip issued by this Company, for accumulated or RESERVED PROFITS, can in no sense be a present or even a prospective liability, except in the following contingency, which is the terms of its issue, viz: "Whenever the said SCRIP FUND shall EXCEED Five Hundred Thousand Dollars, the Board of Directors shall thereafter apply the EXCESS thereof, annually toward the REDEMPTION OF THE SCRIP commencing with that earliest issued."

The SCRIP FUND, standing on that condition, is a clear, unfettered, inalienable indemnity to the Policies, as much so as the Capital.

The sensible and frank avowal of the Great National Board of Underwriters, and also of the Boards of this and other cities, that our Policies on the "participation plan" are **better Insurance**—worth ten and twenty per cent. more—than the Policies of the **Non-Participating Companies** (being "iron-clad," as it were, by the large Scrip Fund), has had the beneficial effect to largely increase the business and prosperity of the Company, thereby extending its usefulness and advancing the interest and security of its Policy-holders.

The Company will continue, as heretofore, to insure respectable parties against Disaster by Fire on the PARTICIPATION PLAN, or "in the Old Fashioned Way," as may be agreed upon.

The prompt and liberal adjustment of losses, when "fair and square," will also continue the specialty of the Company.
